DETAILED ACTION

Reasons for Allowance

1. Claims 1-15 are allowed.

The following is a statement of reasons for the indication of allowable subject matter:

Regarding claims 1,7,13, Examiner's newly discovered reference **Bahl** and the prior art reference **Rimhagen** fails to teach that each terminal includes means for allocating resources to each connection of the terminal according to a weighting coefficient allocated to each connection of the terminal. **Bahl** teaches that each terminal includes multiple connections (fig.2c) and **Rimhagen** teaches each terminal includes means for allocating resources to each connection based on the overall resources allocated to the terminal. There is no teaching or motivation to combine the two references for teaching the claimed feature.

Any comments considered necessary by applicant must be submitted no later than the payment the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should clearly labeled "Comments on Statement of Reasons for Allowance."
